

**In the Specification:**

The paragraph beginning on page 13, line 26 is amended as follows:

Figure 5 shows a hierarchical configuration of a repository containing graphical displays. The creation of this storage repository hierarchy along with the actual storage configuration of the slides is further described in disclosure AUS920010506, the contents of which are incorporated herein by reference. As shown, this hierarchical configuration has a main folder 50. This folder contains the highest level of display categories. The displays in the repository fall under one of the folder categories. Each folder has a directory 51 with entries that describe the display categories. In this hierarchy, each entry in the main directory 51 contains a set of sub-directories 52. Each of these sub-directories contains a sub-directory 53. In Figure 5, sub-directory 53 contains entries that are display set categories. These categories 54 are the locations for sets of displays. Each display in a set contains multiple graphical displays. Each set of displays may be a display set that includes a set of slides.
